Diagnostic Schematic: The Synthesis Loop

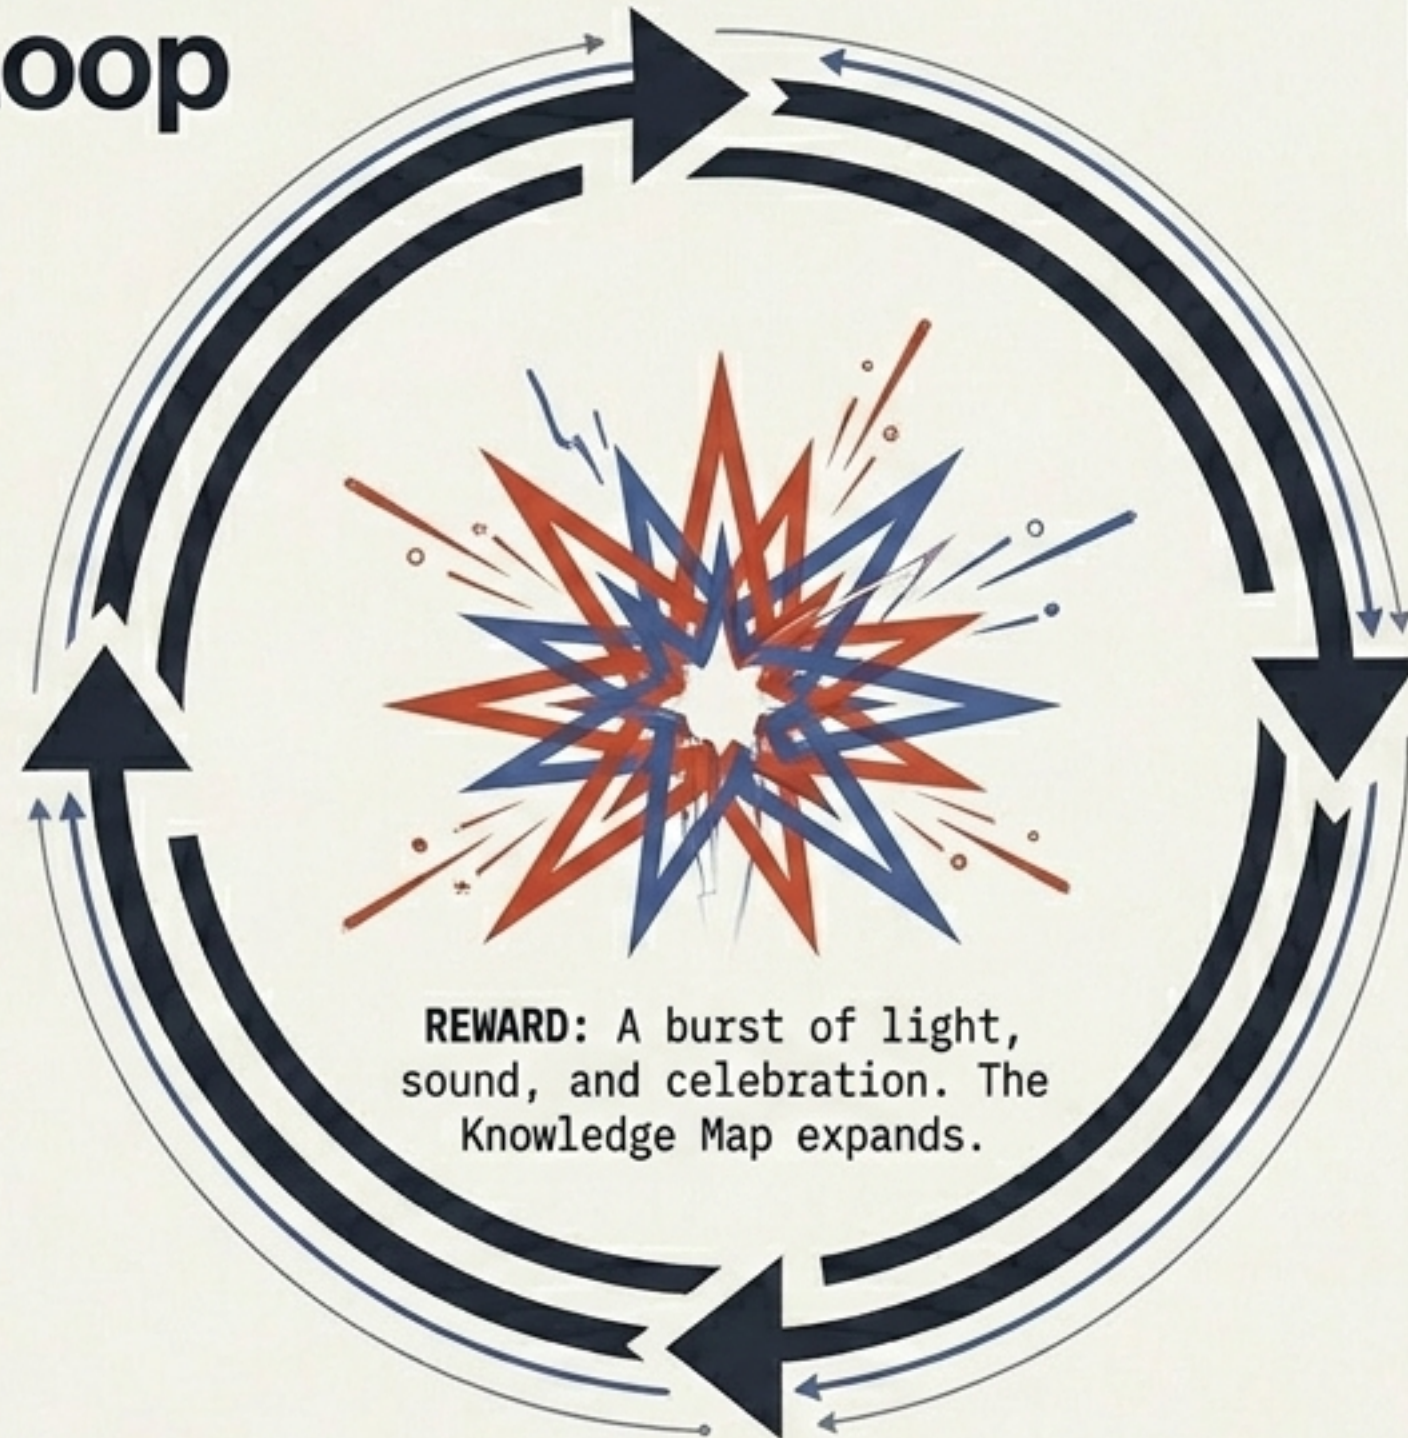

Synthesize

Merge volatile data sets before the timer expires.

Synthesize

Merge volatile data sets before the timer expires.

Traverse

Navigate the expanding Knowledge Map.

Gather

Secure isolated SH-1 and TrueFlow fragments.

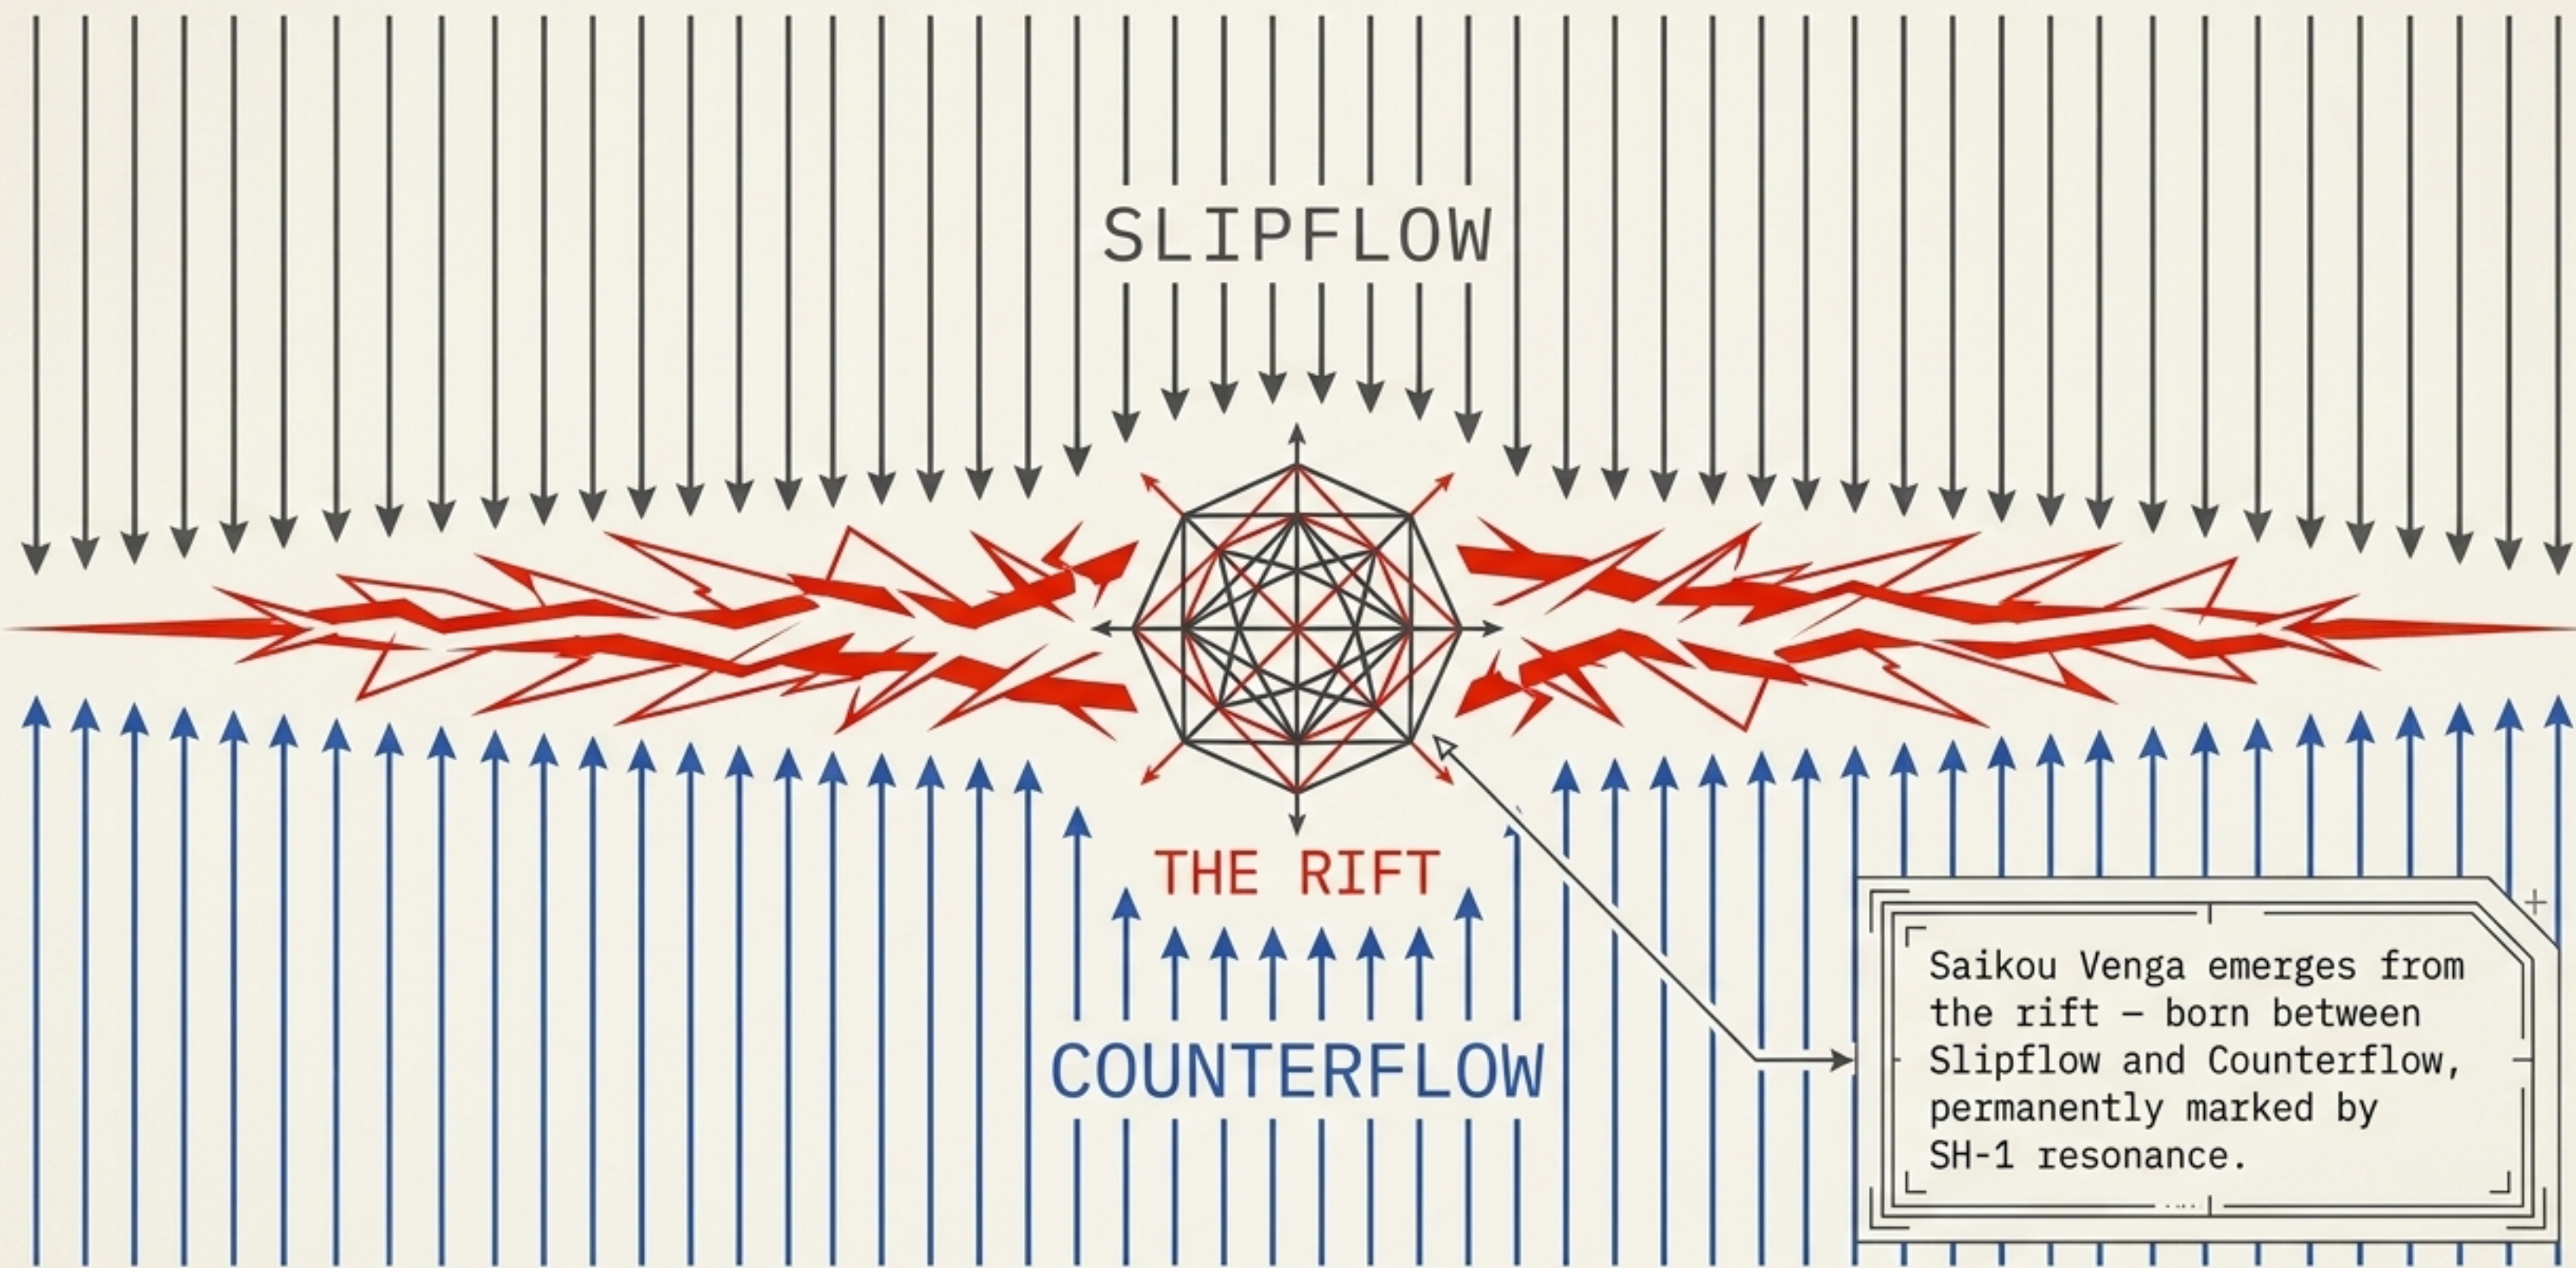

Endure Pressure

Survive the strict 30s Sync Timer while dodging drifting distractions.

Chapter 1: The Physics of Origin

TrueFlow Cosmology & Data Typology

Fictional Construct	Gameplay Function	Narrative Definition
SH-1 Data	Collectible targets on the canvas	Volatile resonance markers generated by the Rift.
TrueFlow Lore	Synthesis fragments	The core mythological material requiring compilation.
Slipflow & Counterflow	Environmental parameters	The opposing foundational forces that generated Saikou Venga.

The Playful Experiment

An interactive journey of light, sound,
and expanding knowledge maps.

Mythic Infrastructure & Cinematic Indictment

- Exposing Ritualized Containment
- Highlighting Actor Convergence
- Revealing Systemic Erosion

WARNING: Interpretations, glyphs, and collapse protocols within the Synthesis Game are diagnostic tools and sovereign broadcasts—not political endorsements, activist platforms, or institutional critiques.
