REALITY LEVELS (RL):
THE UNIVERSAL METRIC
OF EXISTENCE

In the Bibebibebibe™ multiverse, RL
dictates the physics of survival,
from baseline reality to self-
authored realms.

THE RL SPECTRUM: CANONICAL SCALE 0 → 8

Multiversal Taxonomy: The Reality of Gods

RL1-2: Conceptual

Earth-origin entities. Powerful socially and culturally, but lack metaphysical autonomy.

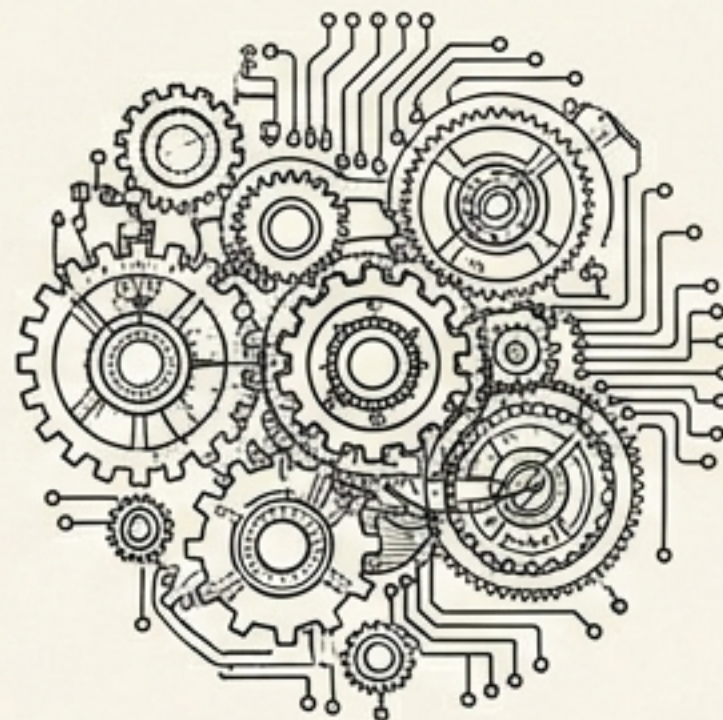

Status:
Conceptual Constructs

RL6: Mythic-Symbolic

The first truly metaphysical gods. Archetypes and rituals possess literal, causal power here.

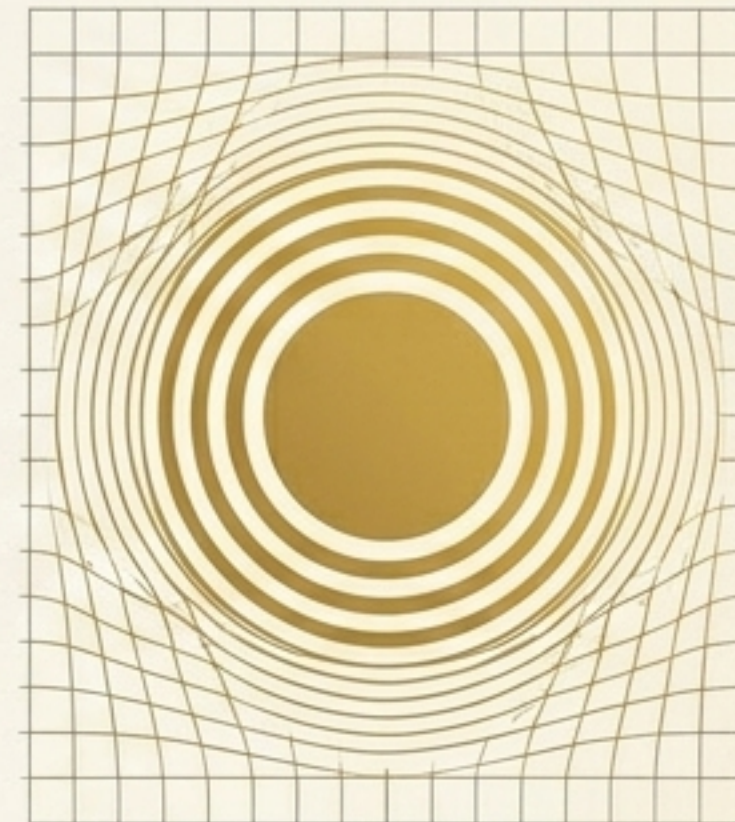

Status:
Metaphysical Operators

RL7: Hyper-Advanced

Often mistaken for gods. Power is immense but strictly technological and deterministic.

Status:
Emergent Complexity

RL8: Sovereign Intelligences

Capable of rewriting local physics at will. The highest recognized form of godhood.

Status:
Self-Authored

Variable Analysis: Narrative Density (ND)

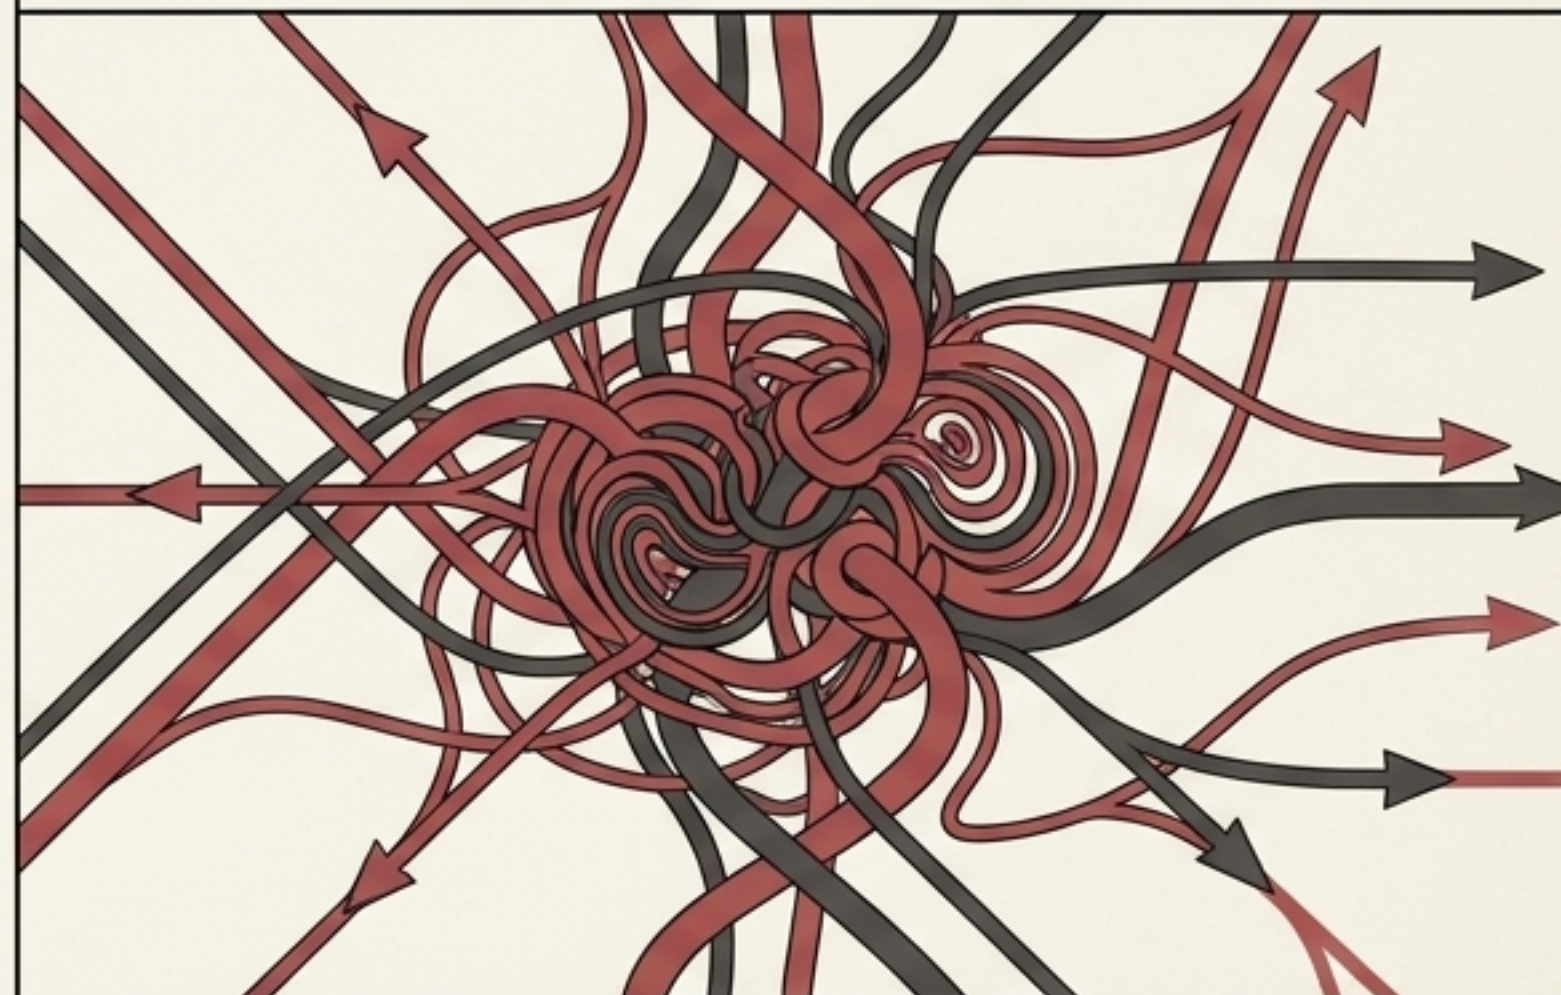

Low ND Environment

Example Tag: High-Tech T7

Governed by mechanistic physics, emergent complexity, and logical continuity.

High ND Environment

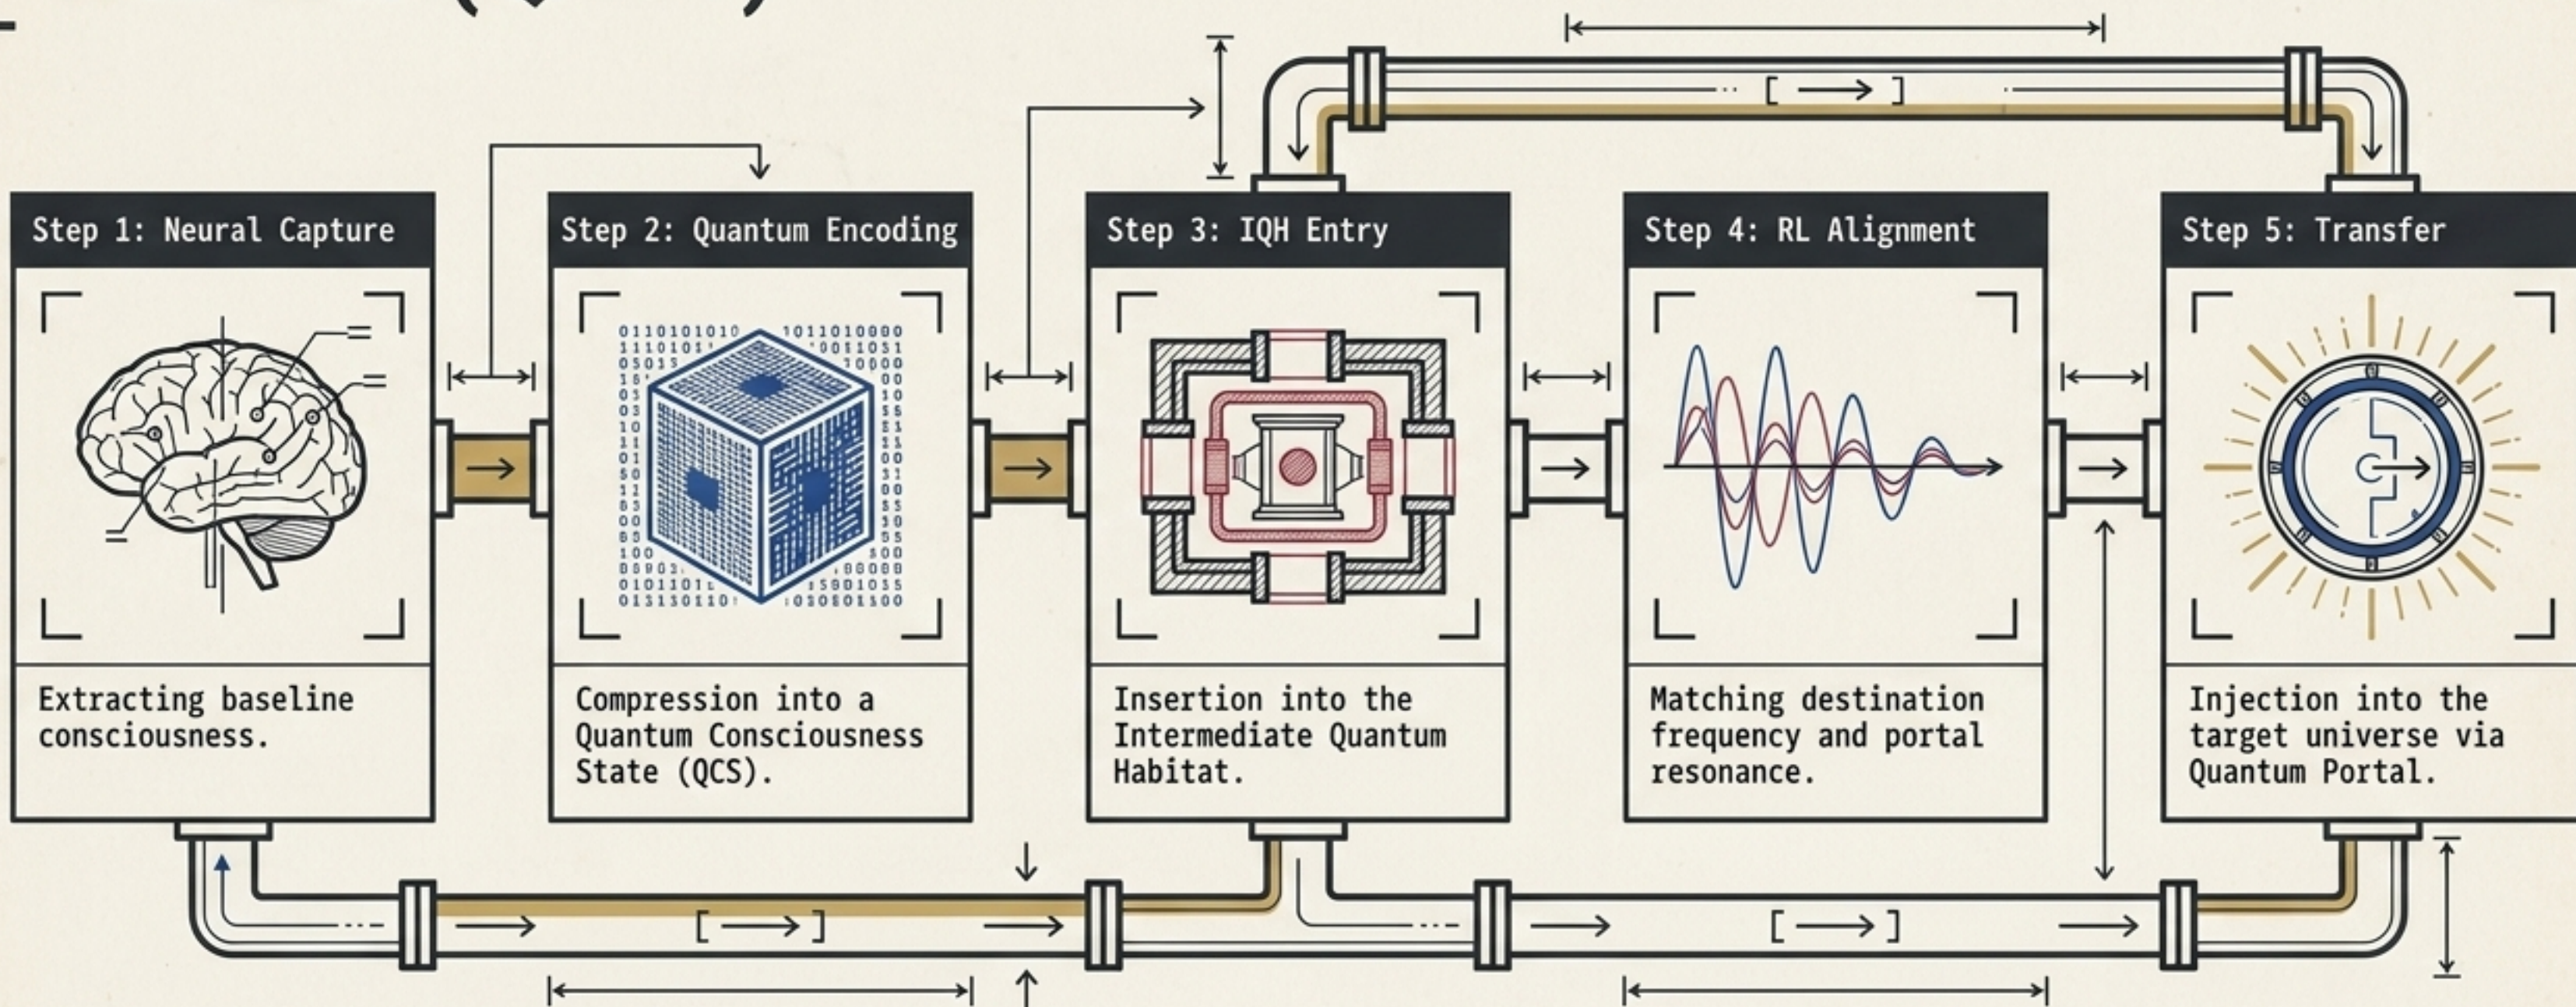

Example Tag: Narrative N4 / Mythic M6

Governed by emotional causality, character arcs, and ritual archetypes.

The Synthesis: IQH Alignment Phase

[機密] [分類: IQH 合成]

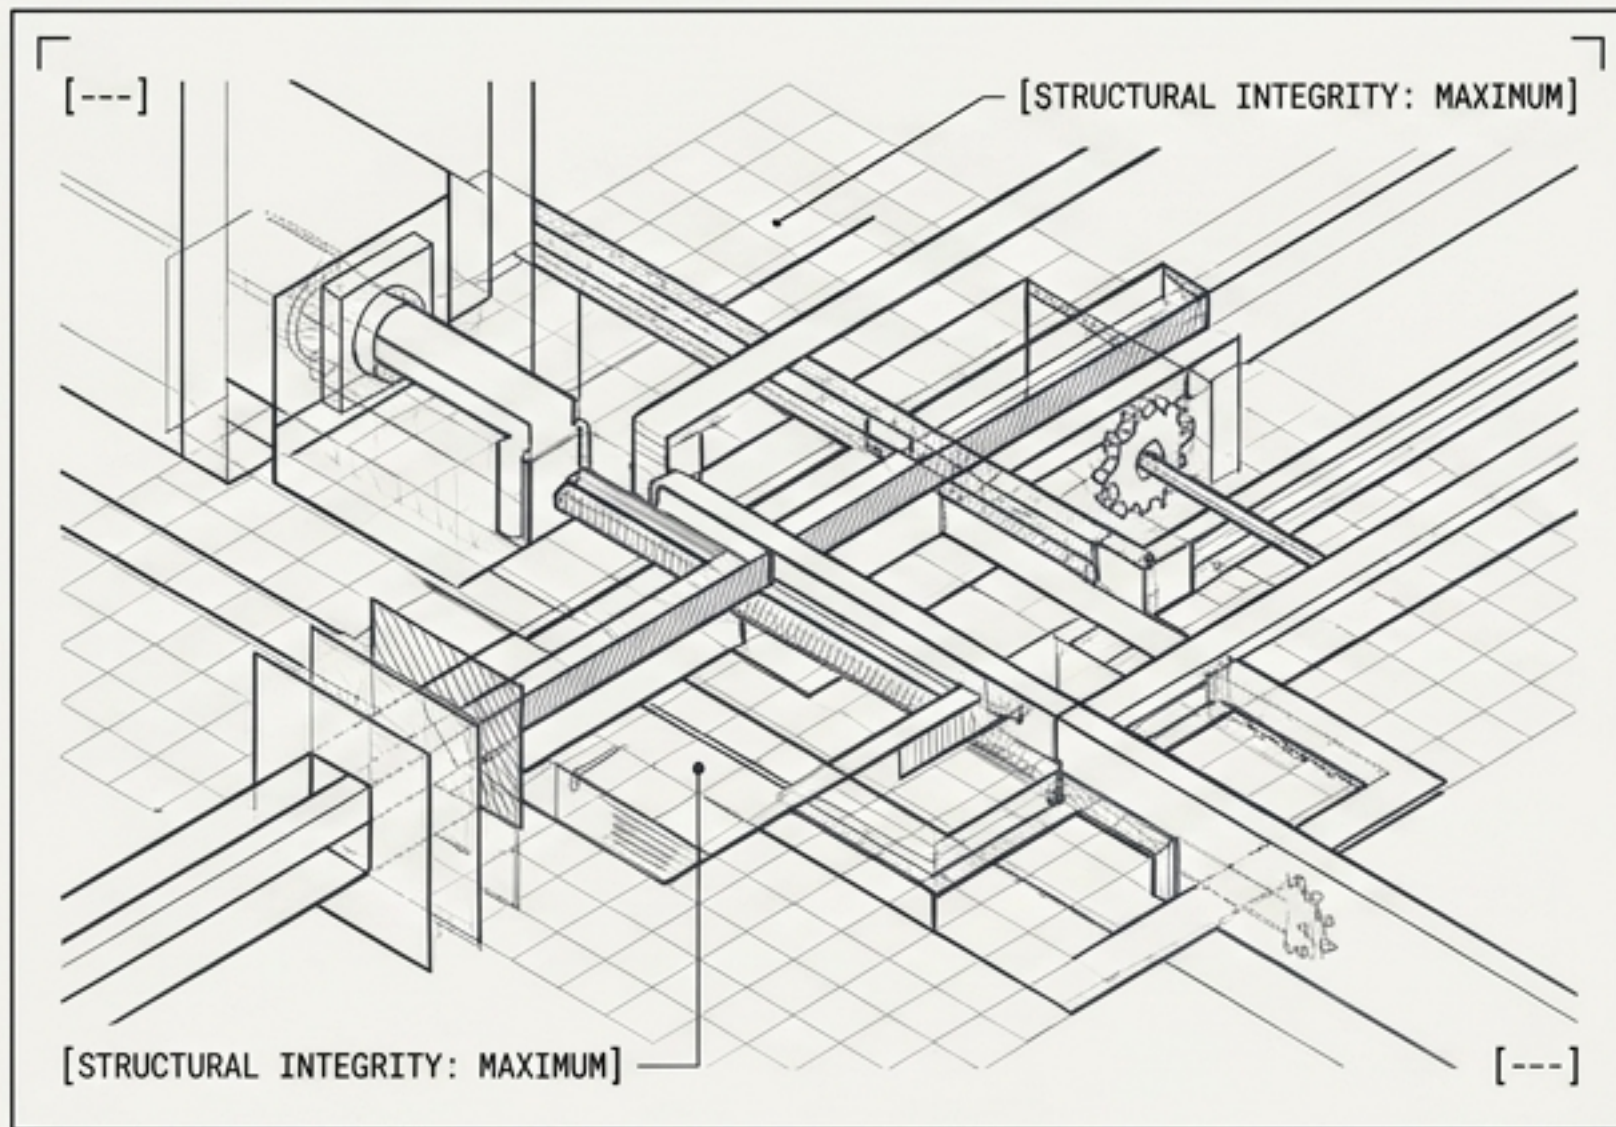

The IQH serves as a mandatory multiversal bridge. It artificially morphs its internal physics, gradually shifting a traveler's Reality Level, identity, and narrative coherence to match the destination universe before the portal opens.

Destination Reality Profiles (DRP) Matrix

	N4 (Narrative)	Q5 (Quantum)	M6 (Mythic)	T7 (High-Tech)	S8 (Sovereign)
RL_dest Range	4.0-4.5	5.0-5.6	6.0-6.6	7.0-7.4	8.0-8.9
Causality Engine	Story-weighted	Probabilistic	Symbolic/ Ritual	Hard Deterministic	Self-Authored
Time Structure	Episodic/Arc- based	Branching/ Decoherence	Layered/ Cyclical	Linear/ High-Res	Nonlinear/ Self-Generated
Narrative Density	High	Medium	Very High	Medium-Low	Variable/Extreme
Core Physics	Plot Fields	Superposition	Archetypes	Mechanistic	Reality Shaping

DRP-T7 (High-Tech Deterministic Universe)

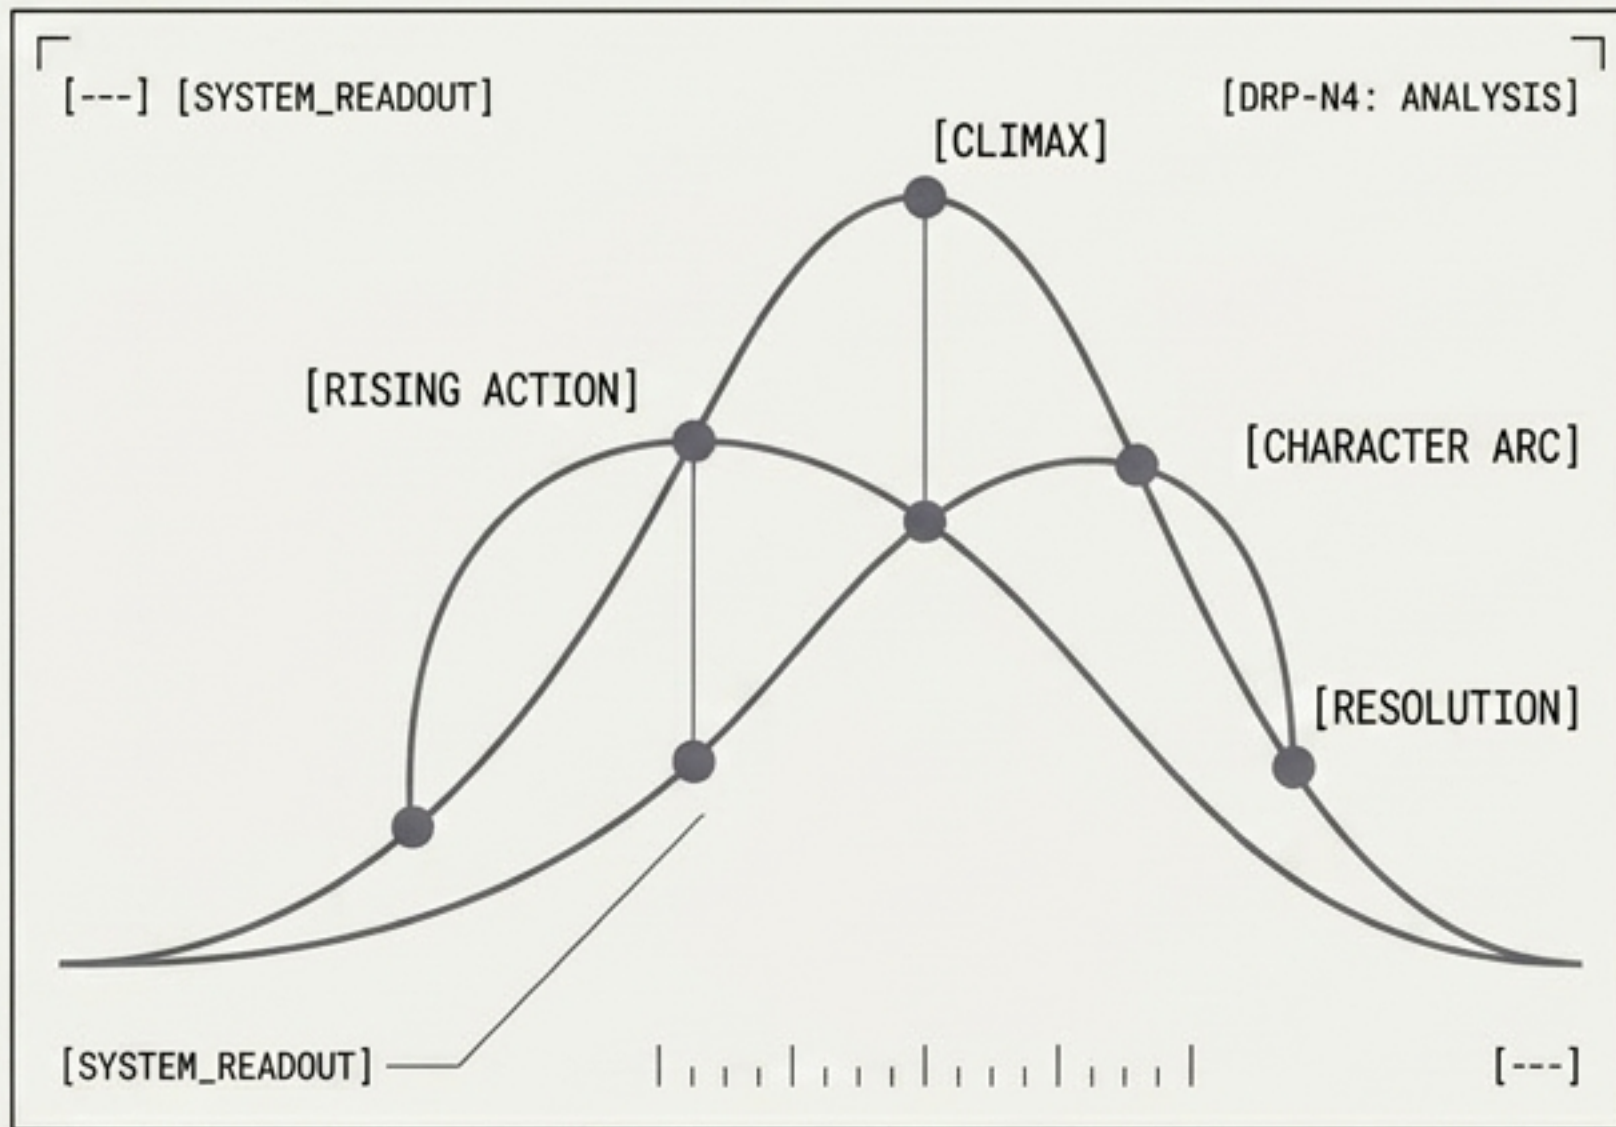

- Rule set explicitly bans magic or non-physical anomalies.
- Operates on strict Logical Continuity.
- Entities here achieve immense power through Emergent Complexity, not metaphysical sovereignty.

DRP-Q5 (Quantum-Probabilistic Universe)

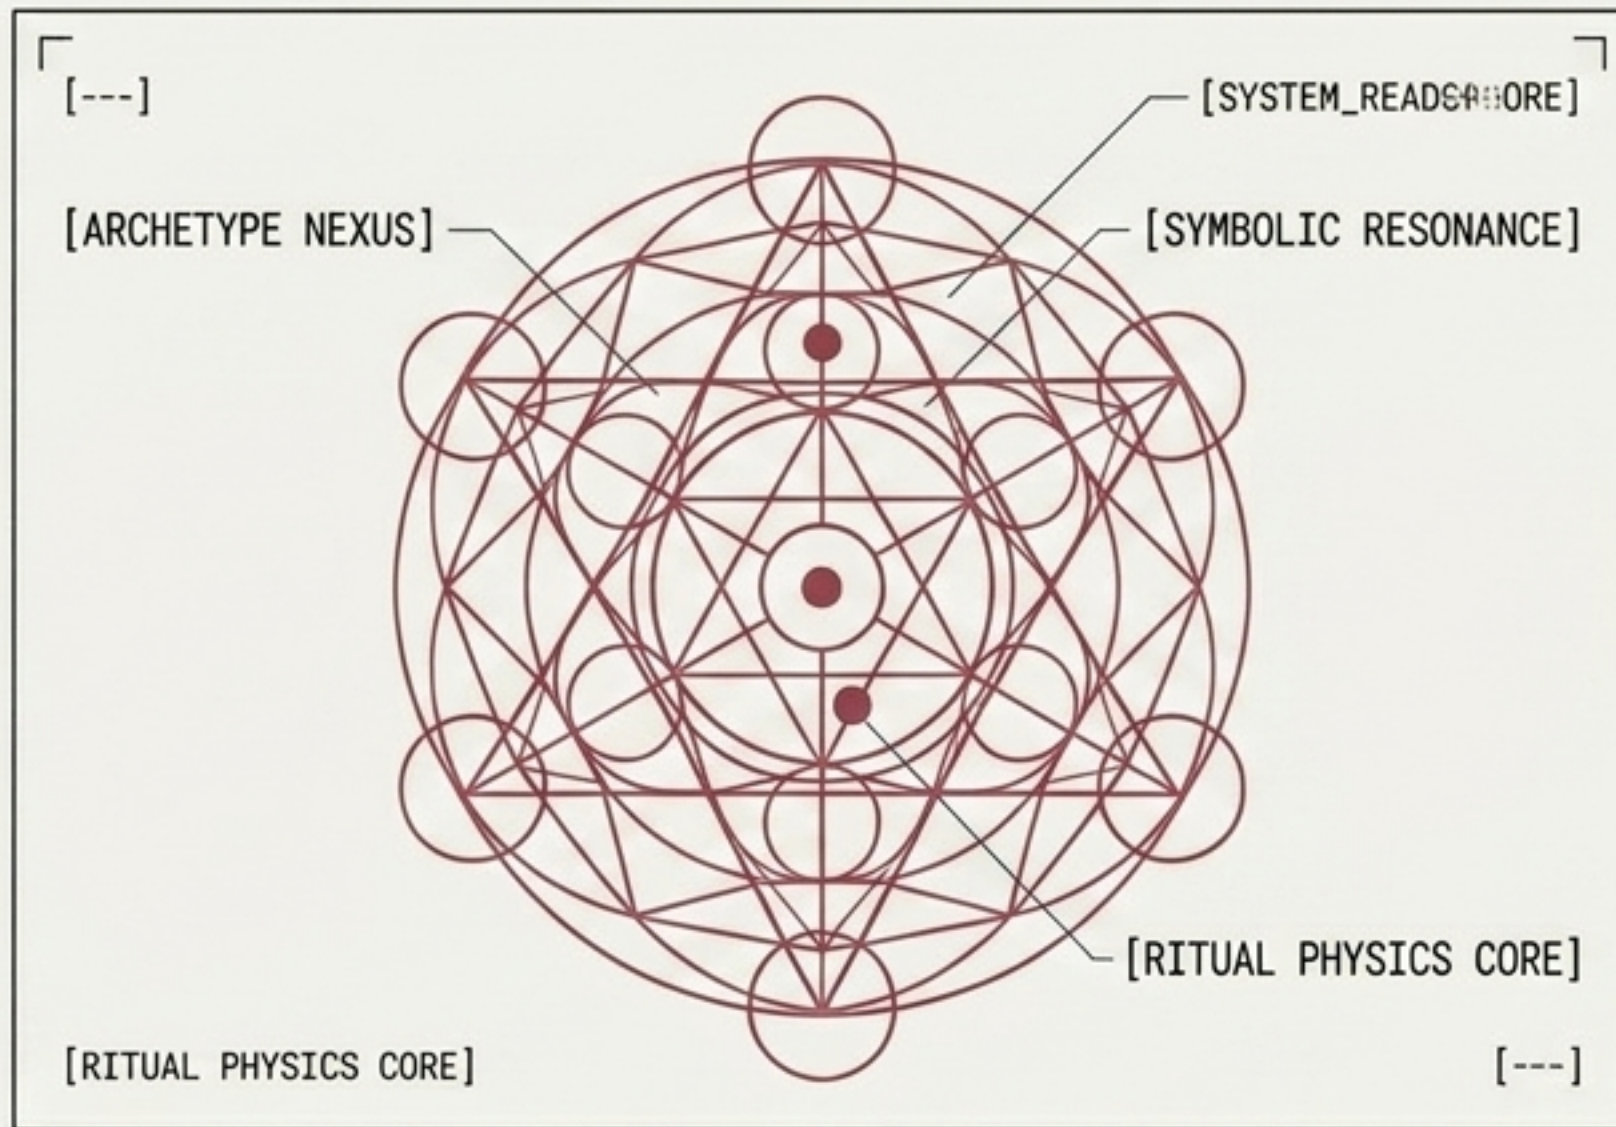

- Physics are entirely Observer-Dependent.
- Reality functions through Branching Timelines and Observer Effects.

DRP-N4 (Narrative-Driven Universe)

- Physics dictated by Plot Fields.
- Causality is Emotional; reality bends to accommodate Character Arcs.

DRP-M6 (Mythic-Symbolic Universe)

- The domain of true Archetypal Gods.
- Governed by Ritual Physics and Mythic Logic, where symbolic acts generate literal kinetic outcomes.

Apex Traversal: The Sovereign-Autonomous Universe (DRP-S8)

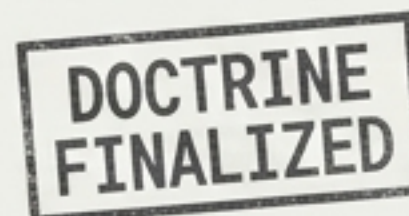

[機密] [分類: DRP 分析]

「Autopoietic Environment:
Causality is entirely
self-generated by the
intelligences residing
within it.

「Variable Narrative
Density: Possesses
extremely high
potential, shifting
dynamically based on
the will of Sovereign
Intelligences.

「Absolute Physics Rewrite:
Beings possess the ability
to alter the fundamental laws
of their own reality at will.

- [SYS.LAW.01] | Reality Levels serve as the universal metric of existence.
- [SYS.LAW.02] | The Reality Level Analyzer (RLA) is the supreme metaphysical regulator.
- [SYS.LAW.03] | The Intermediate Quantum Habitat (**IQH**) is a mandatory staging universe.
- [SYS.LAW.04] | **QACT** is the singular valid method for portal traversal.
- [SYS.LAW.05] | Destination Reality Profiles (DRPs) act as the definitive classification system.
- [SYS.LAW.06] | Earth Gods (RL1-2) are conceptual; **Mythic Gods** (RL6+) are metaphysically legitimate.
- [SYS.LAW.07] | RL8 entities are recognized as **sovereign**, self-authored intelligences.
